Vijayawada, Andhra Pradesh , India

## EDUCATION

- **Indian Institute Of Information Technology Pune** 2022 - 2026  
*B.Tech in CSE with Honors in Artificial Intelligence* Pune, India
  - **CGPA: 8.4**
- **Dr.KKr's Gowtham Happy Valley School** 2021-2022  
*CBSE Class 12 AISSCE* Vijayawada, India
  - **Grade: 93%**

## PROJECTS

- **ShopSphere** [MongoDB](#) | [Express.js](#) | [React](#) | [Node.js](#) 2025 
  - Developed a full-stack e-commerce web application using the **MERN** stack (MongoDB, Express.js, React.js, Node.js).
  - Implemented **user authentication** and **cart functionality**, allowing users to securely sign in and manage their shopping experience.
  - Built an **admin panel** for inventory control and product management, enabling seamless product updates and order tracking.
- **Blogger** [Next.js](#) | [MongoDB](#) | [Tailwind CSS](#) 2025 
  - Developed a full-stack blog website using **Next.js**, **MongoDB**, and **Tailwind CSS** to provide an intuitive platform for users to view and interact with blog posts.
  - Implemented user authentication and **API endpoints** for creating, updating, and deleting blog posts, allowing seamless content management.
  - Created an **admin panel** using Next.js to manage blog content, ensuring an easy-to-use interface for uploading and updating posts. Designed **responsive** and visually appealing blog layouts using Tailwind CSS, ensuring a modern and user-friendly experience.
- **Cryptoverse** [React](#) | [Chart.js](#) | [RapidAPI](#) | [Axios](#) | [Redux Toolkit](#) 2025 
  - Cryptoverse is a cryptocurrency tracking app built with **React** and **Redux Toolkit**, providing real-time market data, price history, and news updates.
  - Integrated **CoinRanking API** and **Bing News API** via **RapidAPI** to fetch live cryptocurrency data and market trends.
  - Implemented efficient state management with Redux Toolkit, ensuring seamless data updates and performance. Used **Chart.js** for interactive price trend visualization and Ant Design for a modern, **responsive UI**.

## SKILLS

- **Programming Languages:** C , C++ , Java , Python , JavaScript , SQL , Perl .
- **Web Technologies:** React.js , Node.js , Express.js , Next.js , Tailwind CSS , jQuery , Bootstrap , EJS .
- **Database Systems:** MongoDB , MySQL , PostgreSQL .
- **Specialized Area:** Full-Stack Development , MERN Stack , Web Development, API Integration .
- **Other Tools & Technologies:** Web3 , DApps , Blockchain , Linux , Git , GitHub .

## CERTIFICATIONS AND ACHIEVEMENTS

- Solved over **350** problems in **DSA** across multiple platforms .
- **The Complete Full Stack Web Development Bootcamp** .
